

The screenshot displays the Palm OS website interface within a Microsoft Internet Explorer browser window. The address bar shows the URL <http://www.palm.com>. The website features a navigation menu with links to Store, Products, Software, Support, wireless, enterprise, education, mypalm, developers, community, and company. A large banner at the top promotes the Palm OS expansion card, highlighting its ability to add software, eBooks, databases, or even video files. The banner includes a diagram of the expansion card and a keyboard. Below the banner, there are several promotional sections: '1: plug-in' for expansion cards, '2: snap-on' for peripherals like a portable keyboard and wireless modem, and '3: snap-on' for software. The website also features a 'special deals!' section with offers on Palm m505 Handheld + Xircom Wireless LAN Module + Palm WLAN Software CD (SAVE 19899) and Palm m125 Handheld + Slim Leather Case + Dictionary Card (SAVE 4395). The footer contains the URL <http://www.palm.com/products/accessories/peripherals/>.
